Looking for Athletic and Physical Education Products??

As a member of AEPA*, your state educational purchasing cooperative now has preferential pricing for Athletic, Recreation and Physical Education products through **BSN Sports and US-Games**.

BSN Sports is now an approved vendor for all AEPA state agencies listed. We have been servicing schools, universities and city municipalities for over 30 years and under this cooperative contract you have access to over to 20,000 Athletic or PE products. BSN Sports is also a leading manufacturer of large field equipment such as benches, bleachers, soccer goals, weight equipment, outdoor basketball systems, baseball backstops, track and field vaulting pits, gymnasium wall padding, windscreen and netting, with most of these items ready to ship within 24 hours.

Under this contract pricing program you will save time and money as the bid process has already been completed across 21 AEPA member states. In addition to your bid pricing, all orders receive free shipping year round, regardless of size. You can order via mail, fax, and phone or through the web site listed. **Please include the contract number 29332 on your order to receive these benefits.**

No other distributor of sports equipment can match our product selection, quality, price, service and customer service. Regardless of the size of your organization or the complexity of your needs, we can meet your requirements with service that is unmatched. We look forward to serving you!
